2N® LTE Verso 2N Intercoms

്ര My**2N**

2N® LTE Verso

2N® LTE Verso combines minimum installation costs with a full feature set. Using LTE technology means no other cable apart from a power supply is needed, with a benefit of all advanced functionalities such as a video communication. The main unit with HD camera can be accompanied by RFID, Bluetooth or biometrics supporting modules.

Villas Small office-home office Family houses Office building

Ideal retrofit solution

Thanks to LTE connection 2N® LTE Verso is not depending on available wiring and answering units. Together with 2N® Mobile Video service it offers full range of features like video calls to mobile devices and 2N answering units just like wired intercom.

Secure configuration via cloud

Connect $2N^{\circ}$ LTE Verso to the LTE network and then use $2N^{\circ}$ Mobile Video service on My2N.com to configure all its features from anywhere in the world via secured VPN connection.

Pick any of the 14 modules available

2N® LTE Verso is using a standard BUS and therefore it can be connected to any of the additional modules, e.g. RFID, Bluetooth or biometrics. Choose a module with technology that suits you the most.

2N® LTE Verso

MINIMUM INSTALLATION COSTS

The LTE intercom doesn't need any cables and therefore it's an ideal solution for retrofit in older buildings where addition wiring installation would be uneconomical.

MODULARITY

The modularity of this IP intercom allows you to configure it to your requirements. Select the specific module, accessories and configurable functions.

MOBILE CREDENTIALS ARE FOR FREE

Unlike our competitors, 2N offers mobile credentials via Bluetooth for free. Don't pay 6-10USD per each credential or any other fees. Simply install 2N* Mobile Key app and start to use your phone to open the door!

CALLS TO MOBILE PHONE AND TABLET

2N* LTE Verso allows you to call a mobile phone or tablet over the cellular data in case, that even these mobile devices are connected to the Internet.

CAMERA WITH NIGHT VISION

See who is standing in front of your door, even in total darkness. Moreover, the camera is hidden from normal view. The intruder has no clue they're being monitored.

SIP SUPPORT WITH NO SERVER NEEDED

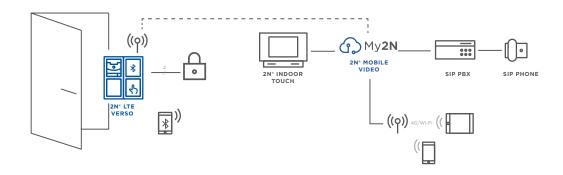

SIP protocol support makes it easy to link the intercom with IP phones and PBX from other producers, without having to connect to the server.

PICTURE TO EMAIL

 $2N^{\ast}$ LTE Verso allows you to email snapshots of the visitor captured by the camera at the time of the call..

ACCESS CONTROL

Achieve a greater level of security for all those at its location. 2N* LTE Verso makes it easy to prevent the entry of unauthorized persons.

Signalling protocol

SIP 2.0 (RFC - 3261)

Buttons

Buttons Transparent buttons with white backlight

and easily removable label

Number of buttons 1 to 146 Numeric keypad Optional

Audio

Microphone 1 built-in microphone

Speaker 2W Sound pressure at 1 kHz at 1 m distance 78 dB

Audio stream

Codecs G.711, G.729, G.722, L16/16kHz

Camera (optional)

Resolution - JPEG 1280 x 960 px Resolution - video call 640 x 480 px

Viewing angle 120° (H), 90° (V), 145° (D)

Night vision Yes

Video stream

Codecs H.263+, H.263, H.264, MJPEG, MPEG-4

Interfaces

Power supply $12V \pm 15\%/2A$ DC

Network connection LTE FDD Cat.1, 3GPP release 9 compliant

4G Bands (MHz): B1(2100), B3(1800), B7(2600), B8(900), B20(800) Output power - Class 3 (0.2 W, 23 dBm)

@ LTE

Switch output NC/NO contacts, max 30 V/1 A AC/DC

Connection speed Uplink up to 5 Mbps

Downlink up to 10 Mbps

Active switch output 8 to 12 V DC depending on power supply (source voltage minus 2 V), max 400mA

Mechanical properties

Operating temperature -40°C - 60°C, touch display -30°C - 60°C Storage temperature -40°C - 70°C

Storage temperature -40°C - 70°C
Operating relative

humidity 10%-95% (non-condensing)
Coverage level IP 54, IK08, touch display IK07

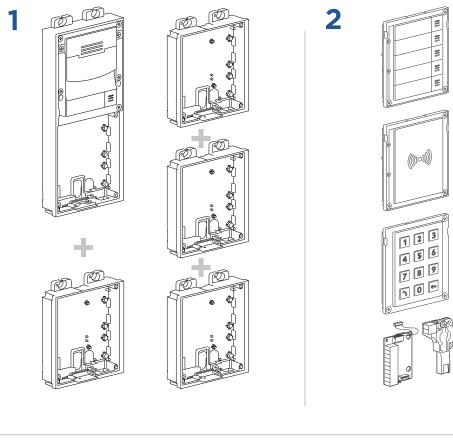

Dimensions

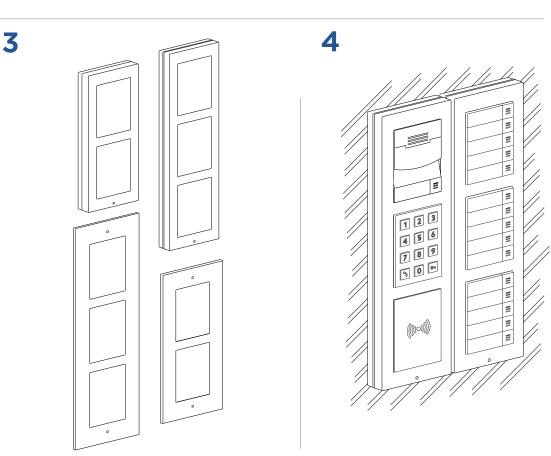

Dimensions depend on configuration of the modules and installation type – see www.2n.cz for details.

2N* Mobile Key - an application that turns your mobile phone into an access card
2N* Mobile Video - mobile application providing video calls from the intercom to your mobile device

Modularity

 $2N^{\mbox{\tiny 8}}$ LTE Verso can be tailored to your requirements. Select the specific modules, frame and mounting box.
