SIMPLICITY

When All Gadgets Add Up

- Built-in 4K camera
- Built-in microphone
- Pop-up camera for privacy

- Touch screen
- Adjustable bracket fits all desks

- Built-in stereo speaker
- Qi Wireless Charging
- USB-C power delivery and content sharing

Make Any Place Handy for Collaboration

Phone room

Hot-desking

Home office

Reception Desk

FLEXIBILITY

Your Desk, Your Way

DeskVision A24 works perfectly as a Teams display or a peripheral device. As a Teams device, it is best for video conferencing and Teams collaboration in shared space. In peripheral mode, it makes the office desk a workstation with all kinds of resources: power, internet, display, video, and audio.

Native Teams Display Experience
After logging in your personal account, a shared space becomes a personalized space in seconds
