Yealink Teams Phone MP E2 Series

Leading on Teams Phone, as Always

Certified for **Microsoft Teams**

Android 13

Yealink Teams Phone MP E2 Series, the first to be empowered by Android 13, upgraded audio performance, more flexible viewing angles, and stronger device connectivity, presents a fast and modern communication solution for seamless collaboration and high work efficiency.

Powerful Chipsets, First Android 13 Teams Phone

Yealink Teams Phone MP E2 Series provides fast response and fluent interactive experience for users. The Android 13 supports more software upgrades to enable a stable and sustainable operating environment. With your data free from malicious attacks, the enhanced security features safeguard your work activity.

MDEP Coming Soon, Stay Ahead in Security and Management

The Microsoft Device Ecosystem Platform (MDEP) will allow users and IT pros to enjoy the renowned security, scalability, accessibility, and manageability of Microsoft, paired with the diverse hardware and software support of Android. Designed for innovation, MDEP offers extensibility and customization to ensure that devices are responsive and ready to use.

Professional Audio Technology, Making Every Conversation Clear and Focus

Yealink Teams Phone MP E2 delivers an all-around premium voice experience on hands-free speakerphone with full-duplex technology and loudness enhancement. Driven by Yealink Optimal HD audio quality, Acoustic Shield, and Smart Noise Filtering, every conversation is clear and focus. Supporting HAC Handset, Yealink Teams Phone MP E2 makes the audible world equal to everyone. To hear, to communicate, to create.

Classic Design, a Real Dialpad Phone

Classic hard keys make dialing up convenient and controllable. Even if you wear gloves or have wet hands, you can feel each press of the buttons and the phone will keep its tactile feedback. Press, pick up, and call with a dialpad phone by your hand. Higher resolution, wider viewing angle, and anti-fingerprint feature of screen bring improved productivity.

Mobility, Flexibility, Productivity

The Yealink MP58-WH E2 comes with a wireless Bluetooth handset, allowing users to move freely within a 10-meter range during calls. No longer confined to your desk, you can walk around, stretch, or move to a quiet space, all while maintaining crystal-clear communication. This wireless capability significantly boosts productivity by allowing seamless multitasking and a more dynamic work environment.
